## QUEEN WEST

### Caju

This hot new Brazilian restaurant in the gallery district has a cool, contemporary interior, warmed by atmospheric lighting. The Brazilian fusion food is imaginative and delicious. Caju is not yet well known so it is difficult to determine whether or not it will stand the test of time, but for fans of South American-style places it is worth a try if only for the great music. ### Caju

Another example of Queen Street's trendy westward expansion, this great bar/restaurant is newly opened and plays fantastic Brazilian music in a cool, contemporary interior. The lighting is atmospheric, the restaurant section airy, and the Brazilian-inspired fusion food imaginative and the caipirinhas authentic.
